Millennium Power Partners, L.P.  
10 Sherwood Lane  
Charlton, MA 01507

Administrative Amendment  
FMF No. 342837  
Transmittal No. X268279

Attention: Mark Winne, Plant Manager

Dear Mr. Winne:

The Department of Environmental Protection ("MassDEP") received the Operating Permit Administrative Amendment form on December 7, 2015, which indicated that the responsible official for Millennium Power Partners, L.P., 10 Sherwood Lane, Charlton, Massachusetts has changed. Formerly, Mr. John Breen was listed as the responsible official. In accordance with the Administrative Amendment form submitted to the MassDEP, Mr. Bradley J. Piatt, Vice President will be the responsible official.

The MassDEP has modified your status in our database to reflect the name change, specifically including permits/registrations for the air quality programs.

Attached you will find a replacement of the facility's Air Quality Operating Permit. This Administrative Amendment to Millennium's Operating Permit is being issued despite the expiration date of the existing Operating Permit having passed. However, Millennium has filed a renewal application, so the existing Operating Permit remains in effect by operation of 310 CMR 7.00: Appendix C (11)(e). No other changes have been made to the facility's Operating Permit except the transmittal number has changed. No further action is required by the facility at this time.

Sincerely,

This final document copy is being provided to you electronically by the  
Department of Environmental Protection. A signed copy of this document  
is on file at the DEP office listed on the letterhead.

Roseanna E. Stanley  
Permit Chief  
Bureau of Air and Waste
